MSW Research Outline Presentation (2018-19)

Objective: The MSW Research Outline Presentation held during the academic year 2018-19 aimed to provide MSW students with a platform to present and discuss their research proposals. This event encouraged students to refine their research ideas, receive feedback, and gain experience in academic presentations.

Participants: A total of 89 MSW students enthusiastically participated in the Research Outline Presentation, indicating their strong interest in the research process and their dedication to furthering their research skills.

Date: The MSW Research Outline Presentation event took place over two days, on September 17 and 18, 2018.

Program Details:

1. **Presentation Sessions:** The heart of the event was the presentation sessions, where each participant had the opportunity to present their research proposal outlines. These sessions were divided into thematic panels, allowing students to discuss their research in small groups.
2. **Faculty and Peer Feedback:** After each presentation, faculty members and peers provided constructive feedback to the presenters. This feedback was instrumental in helping students refine their research questions and methodologies.
3. **Panel Discussions:** Panel discussions were organized to explore common themes and challenges in the research proposals. These sessions encouraged participants to engage in critical discussions and share insights and best practices.
4. **Networking Opportunities:** The event provided informal networking opportunities, allowing students to interact, exchange ideas, and potentially form research collaborations with their peers.
