College Name: Loksevak Madhukarrao Chaudhari College of Social Work

MSW Research Outline Presentation (2020-21):

Objective: The MSW Research Outline Presentation held during the academic year 2020-21 provided MSW students with a platform to present and discuss their research proposals. The event aimed to help students refine their research ideas, receive constructive feedback, and gain experience in academic presentations.

Participants: A total of 72 MSW students actively participated in the Research Outline Presentation, demonstrating their commitment to enhancing their research skills and contributing to the field of social work.

Date: The MSW Research Outline Presentation event took place on December 21, 2020.

Program Details:

1. **Presentation Sessions:** The heart of the event was the presentation sessions, where each participant had the opportunity to present their research proposal outlines. These sessions were categorized into thematic panels, allowing students to discuss their research within smaller groups.
2. **Faculty and Peer Feedback:** After each presentation, both faculty members and peers provided constructive feedback to the presenters. This feedback was instrumental in helping students refine their research questions and methodologies.
3. **Panel Discussions:** The event featured panel discussions to explore common themes and challenges in the research proposals. These discussions encouraged participants to engage in critical discussions, share insights, and discuss best practices.
4. **Networking Opportunities:** The event provided informal networking opportunities, allowing students to interact, exchange ideas, and explore potential collaborative efforts with their peers.

Outcomes:

The MSW Research Outline Presentation event for the academic year 2020-21 achieved several notable outcomes:

1. **Research Refinement:** Participants had the opportunity to refine their research proposals based on feedback from both faculty and peers. This process improved the quality and depth of their research projects.
