UNNAT BHARAT ABHIYAN

INTRODUCTION :

Unnat Bharat Abhiyan is Unnat Bharat Abhiyan(UBA) a flagship program of Ministry of Education, GoI. The vision of Unnat Bharat Abhiyan is to enable Higher Educational Institutions (HEIs) to work with the rural people and identify the challenges they face and come up with solutions for their sustainable development.

UBA was initially launched by the Ministry of Human Resource Development (MHRD) in 2014 and later, Unnat Bharat Abhiyan 2.0 was launched on April 25, 2018.

LMC College of social work applied and selected in this project in the year of 2018-19. At that time our college was the only social work college in the state and second in the country which was selected under Unnat Bharat Abhiyan. We got seed amount funding of Rs. 50,000/- from Unnat Bharat Abhiyan in the academic Year of 2019-20.

We selected five villages in the Jalgaon Block to work under Unnat Bharat Abhiyan. We carried out so many developmental and awareness activity during last five year in the adopted villages.

Background and Need

As foreseen by Gandhi Ji in his seminal work, 'Hind Swaraj', the western developmental paradigm, based on centralized technologies and urbanization, has given rise to serious problems like increasing inequity (leading to crime and violence), and climate change due to rapid ecological degradation. To ameliorate these problems, it is necessary to promote development of rural areas in tune with Gandhian vision of self-sufficient 'village republics', based on local resources and using decentralized, eco-friendly technologies so that the basic needs of food, clothing, shelter, sanitation, health care, energy, livelihood, transportation, and

education are locally met. This should be the vision of holistic development of villages. Presently, 70% of the population in India lives in rural areas engaged in agrarian economy with agriculture and allied sector employing 51% of the total work-force but accounting for only 17% of the country's GDP. There are huge developmental disconnects between the rural and urban sectors such as inequity in health, education, incomes and basic amenities as well as employment opportunities - all causing great discontent and large-scale migration to urban areas. The imperatives of sustainable development which are being felt more and more acutely all over the world also demand eco-friendly development of the villages and creation of appropriate employment opportunities locally. Increasing urbanization is neither sustainable nor desirable. So far, our professional higher education institutions have largely been oriented to cater to the mainstream industrial sector and, barring a few exceptions, have hardly contributed directly to the development of the rural sector. Unnat Bhārat Abhiyān (UBA) is a much needed and highly challenging initiative in this direction.

History

The conceptualization of Unnat Bharat Abhiyan started with the initiative of a group of dedicated faculty members of Indian Institute of Technology (IIT) Delhi working for long in the area of rural development and appropriate technology. The concept was nurtured through wide consultation with the representatives of a number of technical institutions, Rural Technology Action Group (RuTAG) coordinators, voluntary organizations and government agencies, actively involved in rural development work, during a National workshop held at IIT Delhi in September, 2014. The workshop was sponsored by Council for Advancement of People's Action and Rural Technology (CAPART), Ministry of Rural Development, Govt. of India. The program was formally launched by the Ministry of Human Resource Development (MHRD) in presence of The President of India on 11th November, 2014.

Vision

Unnat Bharat Abhiyan is inspired by the vision of transformational change in rural development processes by leveraging knowledge institutions to help build the architecture of an Inclusive India.

Mission

The Mission of Unnat Bharat Abhiyan is to enable higher educational institutions to work with the people of rural India in identifying development challenges and evolving appropriate solutions for accelerating sustainable growth. It also aims to create a virtuous cycle between society and an inclusive academic system by providing knowledge and practices for emerging professions and to upgrade the capabilities of both the public and the private sectors in responding to the development needs of rural India.

Goals

- To build an understanding of the development agenda within institutes of Higher Education and an institutional capacity and training relevant to national needs, especially those of rural India.
- To re-emphasize the need for field work, stake-holder interactions and design for societal objectives as the basis of higher education.
- To stress on rigorous reporting and useful outputs as central to developing new professions.
- To provide rural India and regional agencies with access to the professional resources of the institutes of higher education, especially those that have acquired academic excellence in the field of science, engineering and technology, and management.
- To improve development outcomes as a consequence of this research. To develop new professions and new processes to sustain and absorb the outcomes of research.
- To foster a new dialogue within the larger community on science, society and the environment and to develop a sense of dignity and collective destiny.

Unnat Bharat Abhiyan

<unnatbharatabhiyaniitd@gmail.com>

Dear Sir/ Madam

Congratulations to all the Participating Institutions selected under Unnat Bharat Abhiyan, a flagship program of Ministry of Human Resource Development (MHRD).

We are glad that you have applied and got selected for the program, most of you may be new to the program. It is thus desirable that you know more about it right at the outset.

We are therefore happy to invite you for an orientation workshop for Unnat Bharat Abhiyan on 25th April 2018 at All India Council for Technical Education, Auditorium New Delhi (AICTE, Auditorium). The UBA program will also be formally launched by Shri Prakash Javdekar, Honorable Minister, HRD, GOI that day and would share his thoughts about UBA as well as expectations from the PI's. A detailed program is attached herewith for your reference.

The immediate step is to select a cluster of at least five villages in consultation with the District Collector if you have not already done so. Please login for registration and upload the list of the selected villages at the earliest, latest by 19th April 2018 on UBA website portal. This is a prerequisite for attending the Orientation Workshop. Also inform the District Collector about the villages selected and upload a scanned copy of the letter received in his office. Similarly upload a consent letter from your head of the Institution agreeing to participate in UBA activities and provide all required facilities for the same. A format for the consent letter is attached herewith.

Also upload the name and contact details of UBA coordinator for further communication at your Institute. I hope your institution will be able to bear TA/DA etc for participation in orientation workshop. Local hospitality like lunch, tea, snacks etc will be taken care by the organiser.

Your participation is important for this workshop. Looking forward to meet you on 25th April at New Delhi.

Regards and best wishes for your institution for contributing India's development.

With Regards,

Dr Virendra K Vijay
