-Executive Summary-

Academic development of social work education has delimited with its critical analysis and explanation. The SWOT analysis of social work profession strengthens the need and scope of SWE. Today's global scenario is on the verge of social, political and economical crisis. Individual and rotational starvations in families are evident in remote areas of countries like India, Bangladesh etc. Local, National to international debates and discussions on social problems are enforcing to do social change. The networking, group dynamics and lobbying of different institutions help us to achieve goals of social work and social development. The vision of social work education is for the constructive sustainable output e.g. a modular training programmes for social workers or an interventional strategic action plans on the social issues. This constructive social work was envisioned by the social reformers like freedom fighter i.e. Late Dhanaji Nana Chaudhari and Loksevak Madhukarrao Chaudhari in the region of north Maharashtra. The DNCVP's Loksevak Madhukarrao Chaudhari College of Social Work Jalgaon is foundation of these missionary Gandhian disciples.

The organization was established in memory of great freedom fighter Late Dhanaji Nana Chaudhari, in year 1994. The aspiration to establish this institute was to engage in accomplishment for a just society and devotion to social development of motherland. The number of academic courses has started under the umbrella of DNCVP to build a strong community of young population. The chairperson of this institute is an eminent andwell-known social worker Shri. Shirish Madhukarrao Chaudhari. This organization is popular in the Khandesh region for its quality education and the academic engagement in various social activities.

Loksevak Madhukarrao Chaudhari College of Social Sork Jalgaon is NAAC Acreeditated 'A' grade well reputed academic institution of DNCVP. In year 2015-16, quality assurance committee of North Maharashtra University has accredited college with 'A' grade. The institute established with an aim to spread Social Work Education and practice in the community. It is located at Shankrarao Nagar of Jalgaon city. It provides insight to the significant Social matrix of social and political economy of the problems emerging out of imbalances in Social relationship. It helps to envision students for creation of an effective model of helping mechanism. It is affiliated to the Kaviyitri Bahinabai Chaudhari North Maharashtra University, Jalgaon (KBCNMU). The mission statement of college is to train and Provide Social Engineers for the Healthy Building and Development of Society and Nation. The objectives of institute are to undertake research studies and encourage programs for interdisciplinary research; to arrange for technical training in research methodology and to provide consultancy and guidance for individual researchers and research institutions. The College of Social Work is offering the B.S.W. and M.S.W. courses. The specialized concentrations in the M.S.W. courses are 'Personnel Management and Industrial Relations' and 'Community Development' (Urban, Rural and Tribal). Total intake capacity for B.S.W. is 40. The intake capacity for M.S.W. course is 60. The students are mostly from rural and tribal areas. The standardize entrance test followed by Group discussions and Personal interviews are organized under the admission process under the guidance of KBCNMU, Jalgaon.

The establishment of the college is under the scheme of Social Welfare Department of Maharashtra Government. Except the salary grants,the college did not receive any development grants from Government of Maharashtra. The paucity of funds is always an obstacle to achieve the standards in relevant quality infrastructure that might be enabling to create better teaching learning environment. The able leadership of our parent organization always extended their support to overcome on such obstacles with the vision and mission of global competency. The new educational policy of the central government under the Rashtriy Ucchastar Shiksha Abhiyan had given new opportunity to upgrade and create infrastructural facilities for all stakeholders. The basic goals for the infrastructural up gradation areto (a)improve student's language proficiency, communication skills, research aptitude, digital academic functional literacy and global competency (b) improve teacher's pedagogy with advance teaching aids, assessment methods and evaluation techniques (c) improve and organize technological advancement in office management, record keeping and service center for all the stakeholders (d) improve community outreach, effective field placement, aids for community awareness and advancement in social research tools and techniques. These goals lead to develop capacities of all the stakeholders of our college in the spirit of our institutional vision and mission. The proposed college infrastructure development project plan, requirements and outcomes are further discussed in proposal. The college management is hopeful for the optimistic response from the team RUSA for achieving our institutional dream of global competent environment in the campus.

Vision:

To up bring and groom the youth into the ambassadors of socio-cultural change, by strengthening their faith in the Democratic Values and by enriching their personalities with the scientific outlook having local as well as global consciousness.

Mission:

The institution is dedicated to the careful nurturing of the youth into the pillars of a vibrant democracy in India. It also aims at enacting the role of a catalyst in the socio-cultural and economic changes by sensitizing the youths towards the regional, national and global issues.

Quality Policy Statement:

"We at D.N.C.V.P.sCollege of Social Work, Jalgaon, endeavor to form students to face the challenges of the life in a dignified manner, esteeming fellow humans and the world as sacred. And to produce the following vital aptitudes in its students; the ability to think clearly, acquire knowledge of the past and present, envisage the future, develop skill to do service, and continue all these for creating a healthy and self-reliant community.To consult constantly devisee effective models of innovative teaching-learning process to inculcate academic excellence and instill in the young minds a sense of social justice, responsibility, compassion, sensitivity and concern towards everyone in the society. Quality is the mantra in all areas of curricular and co-curricular activities at D.N.C.V.P.s College of Social Work, Jalgaon."

Goals:

- To impart quality education to the students.
- To enrich the mental and physical faculties of the students.
- To create a conducive atmosphere for Information Communication Technology (I.C.T.) based teaching – learning process.
- To inculcate awareness amongst students about socio-economic and cultural issues.
- To nurture innovativeness amongst students so as to transform them into 'budding researchers' in the socio-cultural fields.
- To imbibe global competencies amongst the students for meeting out challenges in their lives.
- To promote scientific temperament amongst all the stake-holders of Higher Education.
- To strengthen students' faith in Democratic Values.
- To make the students aware of the distinctive feature of the Indian Culture – Unity in Diversity.
- To pursue the goal of transforming the students into considerate social workers.

Institutional Basic Information

Name of the Institution: **Dhanaji Nana Chaudhari Vidya Prabodhini's Loksevak Madhukarrao Chaudhari College of Social Work, Jalgaon**

Address of the institute: Gat No. 78/5, Shankarrao Nagar, Old Khedi Road, Jalgaon (MS)

Is the institute approved by regulatory body: Yes

Furnish Approval No: 12(B)F. N0-8-76/2017(CPP-I/C) Dt-16,Jan.-2018.

2(f) F.No-8.321/2007 (CPP-I/C) Dt-May-2012.

Type of Institution: Govt. Aided

Status of Institution: Non-Autonomous

Year of Establishment: **20 June 1996**

Whether included under 12B of UGC Act: Yes

Whether included under 2F of UGC Act: Yes

NAAC Accreditation: Yes

NAACCGPA Score: 3.02

Current Cycle: First

NAAC Certificate : Date : 15 Nov. 2015

Validity Upto : 14 Nov 2020

Stakeholder Analysis

The College of Social Work, Jalgaon, in spirit of quality assurance envision the enhancement of the pedagogical orientations and programs undertaken for social development. The following SWOT is the tool which useful pathfinder to gauze the mission of future educational development. The key stakeholders of the college are students, faculties, administrators, alumni, community people and fieldwork agencies. They are analyzed with their capacities, expectations and aspirations using the feedback mechanism of IQAC.

Strength

- The founder president of the trust DNCVP , late Shri. Madhukarrao Chaudhari inherited the legacy of Gandhian thought from his father which is enrooted in vision and objectives of this trust. This trust is parent body of College of Social Work Jalgaon. He led the institution with an agenda of social upliftment of marginal communities with focus on tribal development in the district.

- Qualified, committed and experienced staff

- Transparent governance and administration

- Openness, enthusiasm and commitment towards all stakeholders i.e. faculty, students, parents, officials from industries & NGO.

- Continuous efforts of management towards advanced infrastructure, technology and establishments.

- Strong and acclaimed experts in research - extension - publication

- Coeducation, Skill based teaching-learning and positive change in social attitude of students & faculty.

- Promotion of social education

- Support and service to economically poor student through "Earn and Learn Scheme"

- Field work extension and practices for communities

- Transparent diverse and social inclusive admission procedures

- High teacher student ratio

- Availability and implementation of all free ship and scholarship programs of GOI

- Good library infrastructure with modern amenities and updated softwares.

- Interconnected networking with National Knowledge Network facilities in library and administrative office

- A good student computer ratio with advance e-resources as N-list and Computer Management System

- Integration of issues such as Human Rights, Social Work Methods, Gender and Industrial Relation

- Highly supportive career and guidance placement cell for job opportunities to students

Weakness

- Lack of adequate funding for advanced infrastructure and development

- Inadequate formal networking and support with other organizations.

- Inadequate network building and advocacy

- Inadequate infrastructural facilities for differently abled students

- Lack of the infrastructural and funding resources for research and development

Opportunity

- Focus on the MoU's with different NGOs, schools and Industries.

- Resources for strong and well established alumni association

- Advanced research centre recognized by ICSSR and UGC

- Research and learning issues in the areas of tribal region of north Maharashtra.

Challenges

- Socio economically challenged background of the students

- Lack of innovative and sustainable measures to improve English proficiency

- Meager provisions for a separate research centre with action oriented research and academic publications.

- Hurdles in network building in collaboration with GO, NGO and industries in other districts of Maharashtra.

- Non-availability of advanced technological services for collecting feedbacks on different programs and activities in the College

- Paucity chances of advanced and ensured job placements in the campus.

- Non-availability of strong Field Action Project on the current felt needs of the society

- Inadequate funds for research, extension and student development

Situational Analysis (Current Issues and Challenges)

- The College is constantly encouraging to impart quality education and implement a flawless system of teaching and learning. In order to pursue this task the college is positive towards constant up gradation of its facilities and resources. The College is also evaluating its shortcomings and looking at means and measures to overcome its weaknesses and face the threats. The strengths of the institution need to be strengthened more and the opportunities have to be converted into success stories. The College is already progressing towards exhaustive use of its present resources and development of new academic, infrastructural and administrative facilities. Faculty Development Programmes, development of research oriented academic atmosphere, making the campus more student centric, creating a learning friendly atmosphere, generation of more and more learning resources, inclusion of new courses, procurement of more e-resources for academics are the areas the college is targeting.

- Maintaining the present infrastructure up to better standards, constant up gradation of the classrooms and construction of separate language laboratory for students, procurement of huge number of books in the library both print and e versions, introduction of renewable sources of energy, better sports facilities, better health and hygiene facilities, digitization of files and office works, enhancement of online facilities etc. are the actions that the college plans to take up in its efforts to strengthen its resources and overcome its weaknesses. Increase in Gross Enrollment Ratio, lowering the drop-out rate, facilitating students belonging to ST/SC/OBC and Minority communities, creating an environment of confidence, faith and cooperation among all stake holders, development of better coordination among staff members are the ideals which the College intends to achieve.

- In order to overcome its weaknesses and to face the threats, converting the threats into opportunities will be the real task of the institution. Signing the agreements and MOUs with Industry, Employers, Academic Institutions, Organizations, and other trainers and facilitators in an agenda for the College and the same will be pursued with sincere efforts. Persistent efforts are being made to improve academic success rate by using latest teaching aids, e-resources and modern pedagogy.

- The College is ready to take up new challenges with its strengths including the scope of developing the infrastructure. Looking to opportunities that the state and the host city offers and looking at the strengths the college possess, we plan to overcome our weakness and face the challenges/threats to convert the institution as a brand entity in the field of academic excellence.

Project Action Plan

The college development project is planned with infrastructural development and support system.

A. Characteristic features of all the DPR are given as below

1. Equipping classrooms with modern amenities
2. Extension and upgradation of the central digitalized library having latest various subject books and periodicals along with digital gadgets, applications and software like Kindle, SPSS and ATLAS ti etc.
3. Establishment of Modern equipped language laboratory to improve proficiency of the students.
4. Extension andup gradation of Research Centre in the college to improve research aptitude of the students.
5. Availing the latest knowledge baseservices through various educational resource to the student, and teachers i.e. Kindle and Moodle etc.
6. Upgrade college campus with Smart/ virtual classroom,separate gender wise common rooms and extension and up gradation of conference hall as auditorium.

B. Proposed Action Plan

The infrastructural work will be initiated as soon as the funds will be available to the college. Up gradation and new equipment will be installed within 8 months from the availability of funds from the authority.

Objectives of College Infrastructure Development Project:

1. To avail latest updated educational resources to the students.
2. To improve the research output of the teaching faculty.
3. To provide quality relevant higher education to the enrolled students.
4. To equip the students with tool, techniques and skills with hand on practice in the campus as well as in fieldwork activities.
5. To upgrade students regarding better job prospects in various sectors as per the contemporary issues and challenges in communities.
6. To develop and upgrade infrastructural facilities for students, faculties, communities and administrators to achieve the goal of global competency.

Outcome

Academic Outcome

- Students will effectively communicate in English language.
- Students will improve the research aptitude and access opportunities for diverse national and international knowledgebase.
- Students can correlate classroom teaching to field work practice and able to contextualize in global scenario.

- Students will improve competencies to work at Government, corporate and NGO level at local to global level.
- Students will improve entrepreneur skills and create projects of social business models.
- Digital literacy among teachers and students will be increased to be global competent

Administration

- Digitalize upgraded administrative software and online feedback mechanism will help to create organized institutional space.
- Transparency , paperless work and organized recording practices will be promoted for ecofriendly campus

Research

- Digital research software will allow to create knowledge base for social work intervention in extension field work of all affiliated villages , NGO's and ZP Schools
- Research centers will play role of dissemination of knowledge among students, teachers and communities.

Academic Up gradation

- ICT based Teaching Learning practices will help to create digital literacy platform for all stakeholders
- Moodle system will create a good teaching learning opportunity for teachers and students
- Language lab will help students to be proficient in English
- E-resources, Well lit reading room and big space of library will create more interest among students for education

Table 1: Physical and Financial Outlay

Facility Type Facilities	Infrastructure Facilities	Physical Value (area in Sq. Mt.)	Financial value (Rs. In Lakhs)	Funds sought from RUSA	Funds from other Govt. Sources	Private funding if any planned	Justification
(A) Creation of new Facilities (25% of Total Fund i.e. Rs.50.00 Lakh)	Laboratory (Language lab and Research center)	139.45	24Lakhs				Language lab will help students to be proficient in English
	Others One Smart Class Room	92.9	16 Lakhs				Students Progression
	Common room for Students (Separate for Boys)	46.45	10 Lakhs				Need of students specially for boys.
(B) Renovation/ Upgradation of existing facilities (45% of Total Fund i.e. Rs.90.00 Lakh)	Auditorium	371.6	54 lakhs				To organize Various programmes for all students the detailed justification attached here[i]
	Library	185.8	20 Lakhs				Spacious Library with reading room developed as a Information Center (knowledge resource center)
	Lift		10 Lakhs				Facility for differently able students and teachers
	Common room for Students (Separate for Girls)	46.50	6 Lakhs				These serve as an open space for relaxation, socializing & entertainment for Girls

Facility Type Facilities	Infrastructure Facilities	Physical Value (area in Sq. Mt.)	Financial value (Rs. In Lakhs)	Funds sought from RUSA	Funds from other Govt. Sources	Private funding if any planned	Justification

[^i]**Auditorium:** The College has a seminar hall but the seating capacity of the hall is not more than 70. Their fore all students of college (240 students) are not get the benefit to attend the programme at a time. So college plan to renovate and upgrade the seminar hall into auditorium.

The auditorium is a central and important space in any college lucky enough to have one.
It is used for all types of formal assembly, Lectures

A. Student's Resource for Social, Cultural and Community Engagement

It is a space for students to express their creativity on social reflections through drama, theatre, skit and role plays. Platform for their engagement in local and social issues as they organize student conferences, seminars and workshops regularly. The philosophers and academic intellectual are regularly visiting to college for their academic engagement and their lectures are organized for the students. Hence, students can get a good space for student and resource person's interactions.

B. Community Extension Resource Facility

It will be an asset for the organization where community gathering, community training programmes, guest lectures and public lectures will be organized. It will be an extension service facility for community development as our field extension programmes are running across 10 Zillha Parishad Schools, 15 village Gram Panchayats , 17 Government/ Non-Government Agencies and 7 industries in the Jalgaon district. Therefore, auditorium will be an essential infrastructural resource for community mobilization and empowerment.

This varied events place a range of demands on the room. For all events, it is essential that everyone in the room hear, clearly and enjoyably, everything that is presented. This is the gole of acoustical design for auditorium spaces.

<p style="text-align:center">***</p>
