From the Conference Desk

Under 'the 2030 global agenda for sustainable development for transforming our world' gender equality and sensitization is one of the significant goals. In such global to local Indian context women empowerment is the discourse in the new normal development era. Since pre independence era, women in Maharashtra have participated in social and political reforms. The legacy carried to the next generations in the form of various women movements and organizations since establishment of the state of Maharashtra. The Maharashtra State Commission for Women was established in January 1993 with the aims to uplift the social status and respect; To make recommendations to the government by considering various issues of women; to give free legal advice to the needy women victims; to make reforms by inspecting women's organizations, prisons, reforming organizations.

The Commission conducts inquiries into cases like dowry, sexual harassment, etc. Yet it is a fact that women's issues are not over today. The Women's Economic Development Corporation was established in the state to develop women's capacity, increase their confidence, and increase their participation in education, economics and power issues. Today, we are always reading, listening and experiencing higher number of incidences of oppression against women. Although the situation is changing, it does not seem to be developing as it should. The world of women is changing and expanding. Lifestyle is changing. New challenges are up-coming in the new normal development era. Accepting all these changes over time, the woman is also becoming independent and self-sufficient. However, debates, discussions, workshops and conferences on women's empowerment are still being held. Such participation in the activities of women empowerment helps to contextualize women issues and formulating new development plans. As this conference is multidisciplinary, intellectuals of all disciplines are welcomed to formulate and explore various aspects of women empowerment.

In purview of this, Loksevak Madhukarrao Chaudhari College of Social Work Jalgaon has organized the 6th National Conference of Sustainable Development with main theme of "Women Empowerment: A Key to Sustainable Development" at Loksevak Madhukarrao Chaudhari College of Social Work Jalgaon on **9th April 2022**.

Kavayatri Bahinabai Chaudhari Uttar Maharashtra University Jalgaon Dhanaji Nana Chaudhari Vidya Prabodhini Conducted public Loksevak Madhukarrao Chaudhari College of Social Work Jalgaon on 11th and 12th April 2022 State level workshop has been organized for two days. On the occasion of the opening program of the said workshop, Principal Dr. PR Chaudhari Sir (Secretary Dhanaji Nana Vidya Prabodhani Jalgaon), Hon. Rajendra Nanvare (Kavayitri Bahinabai Chaudhari North Maharashtra University Governor Elected Board of Study Member) Honorable Bhanudas Yevlekar (Kavayitri Bahinabai Chaudhari North Maharashtra University Governor Elected Board of Study Member), Honorable Dinesh Chavan (Kavayitri Bahinabai Chaudhari North Maharashtra University Governor Elected Board of Study Member), Principal Dr. Rajendra Waghulde (Shirish Madhukarrao Chaudhari College of Arts and Sciences Jalgaon.) Principal Dr. Rakesh Chaudhari Sir, Dr. Nilesh Chaudhari (Workshop Coordinator).

And Dr. Nitin Badgujar (Workshop Co-Coordinator), Dr. Prashant Bhosle I. Q. A. C. Chairman, etc. were present on the forum.

In the introduction of the workshop, the principal of the college Dr. Rakesh Chaudhari Sir explained why the workshop was organized. While organizing the state level workshop in Maharashtra, the purpose of organizing this workshop is to make the students understand the subject of gender equality and to raise questions about all the problems around us. He directed that. Especially in this workshop we have made the students to register more participation. He also explained that for the current workshop around 120 students are seen participating today.

On the occasion of the inauguration program of the workshop, Hon'ble Rajendra Nanvare sir expressed his gratitude as the inaugurator and gave many examples while guiding the students. In the earlier period of the country, women held an important position as worshipers and women power. If the revolution had not been ignited by Krantisurya Savitribai Jyotiba Phule, the wife of Mahatma Jyotiba Phule, in the current period. So today's women might not have happened. Women sitting on the post of President, women becoming Prime Minister and women holding many positions, women flying in space would not have been created. He expressed this opinion. Women are known as Adishakti. He said that. In earlier times, women held a very respectable position. In this he gave references regarding women from Ramayana, Mahabharata, Agasti Muni etc. But in the current period, women do not seem to be getting protection. Women should stand tall. There are many types of problems like rape, discrimination, etc. in the countries. Many minor girls are seen being raped. It is commendable that we have organized a state level workshop to make our students aware of gender equality so that there is no discrimination of any kind.

He said that the intention of Rujava is good because of the students. After that, in front of the President, Dr. P. R. Chudhari sir should give deep guidance to all the students in his area about gender equality. Also today's student is going to become a wise citizen of future. Therefore, our students should take part in welfare matters from time to time. We should focus on this today is the birth anniversary of Mahatma Jyotiba Phule. Hence, the topic of gender equality is very relevant today. Such assertion Dr. Pramod Chudhari sir did it. After that Dr. Nitin Badgujar sir expressed his thanks for the inaugural session of the workshop. Introduction Dr. Idea by Bharambe

Honorable Thite Saheb was benefited as an instrumental person. In the day-long workshop, Hon'ble Thite Sir, office bearer of Mawa Sanstha, Mumbai, guided the students throughout the day. Also took some games. What does gender equality look like through sport? He demonstrated this and also showed some short films to the students through which they should all understand what gender equality is.

The Gender Equality Workshop was conducted with the primary objective of raising awareness, fostering understanding, and promoting actionable steps towards achieving gender equality. Over the course of 2 days, participants engaged in insightful discussions, interactive sessions, and shared experiences, aiming to empower individuals and institutions to take proactive measures in promoting gender equality.

|| From the Conference Desk ||

All citizens of India are protected and entitled to social, economic and cultural safety and security as per the constitution of India. The constitutional provisions and legislation are protecting the rights of indigenous people and rural communities.

Last few decades society witnessed development issues and challenges such as displacement, resettlement and rehabilitation. Indigenous people of India are called 'adivasi' or 'tribal'. As per the constitution of India, they are known as "Scheduled Tribes". These communities mentioned in the scheduled list of Tribes. India is having 700 tribal communities with total population of 104 million (Census, 2011). The Indian rural population is 70% of its total population.

Rural communities and tribes both enriched culture with their knowledge, music, dance, attire, language, lifestyle etc. The globalisation has development policies uprooted tribes of land, forest, habitat and culture. The rural economy is collapsed, with repeated droughts and natural calamities. Unemployment, Migration and poverty are evident across all the villages. Death toll of farmer suicides are increasing and spreading from one state to other across India. It is the alarming sign for the society to think and act collectively for better world.
