

ENVIRONMENTAL PROMOTIONAL ACTIVITY

Greening the environment is a priority activity that the institution is undertaking with the firm conviction that the environment shapes our consciousness, learning practices and life itself. In which we plant trees in and outside the campus with the help of students through various activities.

Dhanaji Nana Choudhary Vidya Prabodhini sanchalit Loksevak Madhukarrao Chaudhari Social Work College's various departments or activities like Nature Club, field work as well as National Service Scheme and Student Development Department conducts various activities for Environmental promotion in campus and off the campus with outreach communities. With the help of villagers, NGOs, GOs and affiliating university kavayitri Bahinabai Chaudhari North Maharashtra University.

Following activities under taken for Environmental Promotional Activity

- Environmental day Celebration
- PLANTING SAPLINGS IN AND OUTSIDE THE CAMPUS
- SWATCH BHARATH MISSION -
- "BE CLEAN AND GO GREEN"
- ENVIRONMENTAL TOUR

Swatch Bharath Mission -

Under the Swachh Bharat Mission ,students go to the different villages and create awareness among people about cleanliness through street plays. Also cleanliness campaign is conducted in the village with the participation of the villagers.

"BE CLEAN AND GO GREEN"

Every year the rural camp of the college is conducted at pal . In this camp the students collect the stones washed away in the river and build embankments in the fields so the soil in the farm does not get washed away and the crops in the fields survive. and in this way the crops in the farms are protected.

PLANTING SAPLINGS IN AND OUTSIDE THE CAMPUS

One of these activities is for the purpose of environmental conservation, students should plant at least two trees in the locality where they live and conserve it. The students planted two trees in the locality where they live through the nature club. Students planted and nurtured mango, wad, pimple and medicinal plant trees.

Environmental Tour (Nisarga Sahal):

Under this project every year we organize one or two day environmental tour for students. In this tour we give exposure to students about environmental issues and beauty of nature. In this year faculty member and students visited various projects like SVM, KVK, Medicinal plant project and student were guided on how to prepare vermicompost and how to cultivate mushrooms.

Students also visit villages (Adivasi Padas) Titaranya (MP), Gadgyam (MP) along with pal and sahastraling village. Students visited tribal padas and discussed about tribals and learned about their culture. Also learned how forests are important to tribal people, what crops they grow in agriculture, what animals and birds do they keep? Students know that forest is very important for tribals, tribal people have domestic animals like goats, chickens, cows and bulls.

Students also visit the Shiva cave temple. The Shiva cave temple is situated between the two tribals pada Gadgyam and padalya. This temple is very ancient and is located in a naturally formed cave under a Banyan tree. There is a river Sukhi in the vicinity of the temple. Students observed the nature around the temple.
